

## New NYSE Listing Manager Launches April 1, 2019

We are excited to announce the April 1, 2019 launch of the next phase of NYSE's Listing Manager. The portal is currently home to our Distributions module, which allows issuers to report upcoming cash dividends or other stock distributions. Now, as a depository bank user, you will have access to the new Shareholder Meeting module, which allows for the reporting of record and meeting dates for upcoming Annual and Special Meetings.

Listing Manager can be accessed at <https://listingmanager.nyse.com>.

A detailed FAQ and training videos are available [here](#).

### **IMPORTANT REMINDERS**

The NYSE's eGovDirect ("eGov") site will be decommissioned at 8:00 PM EST on Friday, March 29, 2019 in connection with the release of this phase of Listing Manager.

Listing Manager's Distributions module will be down from 11:00 PM EST on Friday, March 29, 2019 through 8:00AM EST on April 1, 2019 while updates are being made to the site. Please use [dividend@nyse.com](mailto:dividend@nyse.com) to report distributions during this period.

Current users of eGov, who **do not have** accounts on Listing Manager, will need to contact us at [ListingManager@nyse.com](mailto:ListingManager@nyse.com) or at 212-656-4651 to obtain access.

Sincerely,  
The NYSE Listing Manager Team
